## About This Game

Claw Staff is a 2d single-screen platformer with a unique clinging mechanic and pseudo-80's pixel art graphics. Jump and cling through a post post post-apocalyptic world populated by strange creatures. Cling to blocks and defeat enemies with the versatile claw staff, controlled with the precise movement of your mouse. Avoid traps and collect the coins to open the gates and progress through challenging and highly replayable levels. Claim the Moon for your power-hungry Emperor and become a champion!
